REPUBLIC OF RWANDA

FOREWORD

RCHA, Rwanda Cultural Heritage Academy has been assigned the responsibility of promoting the culture of reading among Rwandans by Presidential Order N° 082/01 of 28/08/2020. Through reading and writing culture promotion, we will contribute to build a knowledge-based economy.

We are pleased to publish the 2023-2024 National Bibliography made of 126 publications. It is a valuable tool for everyone, because the National bibliographic collections allow researchers to access all national publications, highlight disparities in intellectual production and highlights the book publishing achievements, also reflects the dynamism of the publishing industry in Rwanda.

I once again take this opportunity to acknowledge the role played by every actor of the book chain, such as publishers, authors, institutions, and all who generously contributed to the development of this National Bibliography of Rwanda and also, to the promotion of reading culture.

REPUBLIC OF RWANDA

INTRODUCTION

The current Rwanda National Bibliography (RNB) is an annual publication covering the period of 2023–2024, developed and published by Rwanda Cultural Heritage Academy (RCHA).

The main objective of National Bibliography is to record comprehensive and accurately the bibliographic data of all books and other printed reading materials published in the country. RCHA through National Library Services collects and analyze annually all the publications emanating from the national publishers, authors, Government institutions, and academic institutions in order to develop and publish the National Bibliography of Rwanda. For a successful development of national bibliography, legal deposit's legislation and efficient co-operation with local publishers and distributors of publications is very important.

This National Annual Bibliography is a compilation of the Rwandan publishing industry's output; from national imprints from Government institutions; research works from local universities and publications from local publishers. Thereby we thank everyone who contributed to the development of the 2023–2024 National Bibliography.
