NATIONAL BIBLIOGRAPHY OF RWANDA 2020-2021

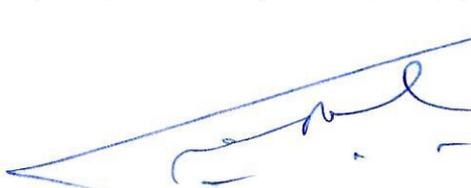

KIGALI, June 2022

FOREWORD

Rwanda is promoting a knowledge-based economy. The responsibility of promoting the culture of reading has been entrusted to RCHA under MYCULTURE. RCHA, Rwanda Cultural Heritage Academy is publishing its fourth edition of the National Bibliography. National bibliographic collections allow researchers to access all national publications, highlight disparities in intellectual production and participate in knowledge-sharing within and outside the country. National libraries are powerful instruments to create, acquire and disseminate local content; they preserve and promote the national intellectual and cultural heritage and transmit it from generation to generation.

Within its mandate, RCHA collects annually all the publications emanating from Government Institutions, national publishers and publish the National Bibliography of Rwanda. It is a valuable tool for everyone, scholars, teachers and librarians amongst others, to be able to choose and buy the books they need. This document also reflects the dynamism of the publishing industry in Rwanda.

I take this opportunity to thank all the publishers, authors and all who generously contributed to the production of this National Bibliography of Rwanda for the period of 2020-2021 and also, to the culture of reading and writing in our society.

MASOZERA Robert

Director General

Rwanda Cultural Heritage Academy

INTRODUCTION

The current Rwanda National Bibliography (RNB) is an annual publication covering the period 2020 – 2021 developed and published by Rwanda Cultural Heritage Academy (RCHA) through the Ministry of Youth and Culture.

For a successful and sustainable national bibliography, legal deposit's legislation and efficient co-operation with publishers and distributors of publications is very important. Publishers are the source of information for the national bibliography. The successful operation of legal or voluntary deposit depends on publishers' co-operation. Publishers should benefit from a successful national bibliography via higher visibility for their publications.

This National annual Bibliography 2020-2021 is a compilation of the Rwandan publishing industry's output; during COVI 19 pandemic. Thereby we thank everyone who contributed to the development of current national bibliography.
