

**REPUBLIC OF RWANDA**

**MINISTRY OF YOUTH AND CULTURE  
RWANDA CULTURAL HERITAGE ACADEMY  
(RCHA)**

***FIVE YEARS NATIONAL BIBLIOGRAPHY OF RWANDA 2015-2020***

**KIGALI, June 2021**

## **FOREWORD**

The Rwandan Cultural Heritage Academy (RCHA) whose mission is to preserve the national heritage and safeguard the Ikinyarwanda language, culture and its values as the foundation of national unity and dignity, also has a mandate to promote the culture of reading and writing;

This year, we are pleased to publish the five-year compilation of the national bibliography. National bibliographic collections allow researchers to access all national publications, to highlight disparities in intellectual production and to participate in knowledge sharing within and outside the country. National libraries are powerful instruments for the creation, acquisition and dissemination of local content; they preserve and promote the national intellectual and cultural heritage and transmit it from generation to generation.

The National Library under RCHA collects annually all publications from national publishers, authors, government institutions and academic institutions to publish the National Bibliography of Rwanda. It is a valuable tool for all, researchers, teachers and librarians among others, to be able to choose and buy the books they need. This document also reflects the dynamism of the publishing industry in Rwanda.

I would like to thank all the partners in the book industry, publishers, authors, institutions and all those who have generously contributed to the production of this National Bibliography of Rwanda for the period 2015-2020 and also to the culture of reading and writing in our society.

**Amb. Robert MASOZERA**  
**Director General**

## **INTRODUCTION**

The current Rwanda National Bibliography (RNB) is a five years compilation covering the period 2015 – 2020, developed and published by Rwanda Cultural Heritage Academy (RCHA) through the Ministry of Youth and Culture.

For a successful and sustainable national bibliography, legal deposit's legislation and efficient co-operation with All partners in book industry with purpose of book publishing and distribution is very important. Publishers, authors, Government and academic institutions are the source of information for the national bibliography. The successful operation of legal or voluntary deposit depends on publishers' co-operation. Publishers should benefit from a successful national bibliography via higher visibility for their publications.

This five years National Bibliography is a compilation of the Rwandan publishing industry's output; by the way, lack of legal deposit legislation constraints the exhaustiveness of the national bibliography. Thereby we thank everyone who contributed to the development of current national bibliography.

**ABBREVIATIONS**

CEBR: Communauté des Eglises Béthel au Rwanda

CEL: Center for Editing and Literature promotion
